

HOW DO YOU LIKE ME NOW

Intro: Guitar riff 4 measures then 4 measures

Yeah I was always a crazy one, broke into the stadium
And I wrote your number on the fifty-yard line
you were always a perfect one and valedictorian
So under your number I wrote call for a good time
I only wanted to get your attention
But you overlooked me somehow
Besides you had too many boyfriends to mention
And I played my guitar too loud **(stop)**
How do you like me now?

How do you like me now, now that I'm on my way?
You still think I'm crazy standing here today
I couldn't make you love me but I always dreamed about
Living in your radio, how do you like me now?

Interlude 4 measures

When I took off to Tennessee I heard that you made fun of me
Never imagined I'd make it this far
Then you married into money girl, ain't it a cruel and funny world
He took your dreams, and he tore them apart
He never comes home and you're always alone
And your kids hear you cry down the hall
Alarm clock starts ringing who could that be singing
It's me baby with your wake up call **(stop)**
How do you like me now?

How do you like me now, now that I'm on my way?
You still think I'm crazy standing here today
I couldn't make you love me but I always dreamed about
Living in your radio, how do you like me now?

Guitar solo 8 measures

How do you like me now, now that I'm on my way?
You still think I'm crazy standing here today
I couldn't make you love me but I always dreamed about
Living in your radio, how do you like me now?
