

TAKE ME AS I AM

Intro:

**Baby, don't turn out the light I wanna see you look at me
Whisper only truth tonight not just promises and empty fantasies**

**I don't need a bed of roses 'cause roses wither away
All I really need is honesty
From someone with a strong heart, a gentle hand
Who'll take me as I am**

**Baby, I need for you to know just exactly how I feel
Fiery passions come and go I'd trade a million pretty words for one touch that is real.**

**I don't need a bed of roses 'cause roses wither away
All I really need is honesty
From someone with a strong heart, a gentle hand
Who'll take me as I am**

Guitar solo:

**I don't need a bed of roses 'cause roses wither away
All I really need is honesty
From someone with a strong heart, a gentle hand
Who'll take me as I am
Oh yeah,
From someone with a strong heart, a gentle hand who'll take me as I am**
